the following software support contract is concluded

Art. 1 Service

- I. Software support covers supporting and maintaining the Provider's programs in whatever version is handed over to the Customer.
- II. The service includes the adaptation of the software to the national standardised statutory modifications, guidelines and ordinances within an appropriate time after they have been announced. For other amendments to standards or guidelines, the Provider is not obliged to make corresponding updates available.
- III. Software support includes obtaining functional updates and expansions within a program version.
- IV. The Provider is not liable for loss of profit, savings not made, damage as a consequence of defects, the loss and re-obtaining of data or comparable indirect damage, unless there is deliberate intent or gross negligence on the part of the Provider.
- V. Support in all matters concerning the installation, update, licence or operation in our office hours. (1st Level Support)
- VI. For technical support, training courses, planning support, we reserve the right to charge for these separately. However, we will inform you about this beforehand in any case. (2nd Level Support)
- VII. The Customer will support the Provider in rectifying defects and inform the Provider immediately in the case of discrepancies in the program or the data bases.

Art. 2 Term

- I. The support contract comes into force when it is signed by the Provider.
- II. The term of this contract is 12 months from the start of validity of the contract according to the time defined in Art. 2 para. 1 of this contract. The term is automatically extended by a year at a time unless notice of termination is given in writing at least three months before the end of the term.
- III. Notice of termination can only be given at the earliest after 12 months from the time defined in Art. 2 para. 1 of this contract.

Art. 3 Service, prices, methods of payment

- I. Prices for software support per year and per licence. Invoices will be presented each time the payment becomes due and will be sent by e-mail if an e-mail address is available, or else by post. Please enter the required number of licences. For the licences held, payment may only be made by bank transfer or direct debit; the methods of payment may not be mixed.

	Price excl. VAT p.a.	Number of licences
Software support PVscout 2.0 Premium	75.-	
Software support PVscout 2.0 Basic	60.-	

- II. The above amounts for software support are per year and statutory VAT must be added. Charging will start after conclusion of the contract and will be for a year at a time in advance. The support payments may be increased on 1 January each calendar year. The basis is the amount at the start of the contract. The invoice will be sent to your e-mail address if this is given in the contract. The payments are due on the date of the invoice and must be paid into the account of Solarschmiede Software GmbH within 14 days.
